Regulations Governing Credit Buying

Effective Tuesday Midnight; Designed To Hold Down Debts

By IRVING PERLMETER

WASHINGTON, May 6—(AP)—

The federal reserve board put into effect last midnight rules governing the credit purchase of

nearly every household item except food, drugs and cosmetics.

Intended specifically to give force to the suggestion made by the president last week about

getting out of debt, the rules were designed to keep people from using their credit to bid up prices

that enter into the cost of living and also to put more money into circulation for war bonds.

They provide specifically how and when credit customers should pay for everything from kitchen

pans to clothing—46 items in all.

If an item on the restricted list is charged, it must be paid for by the tenth day of the second

month after the purchase, or the customer's credit must be shut off

on all listed articles. The penalty may be avoided, however, if the

merchant and customer are willing to sign an agreement to clean

up the debt in fixed installments during the following six months.

Installment Credit Rules

As to installment credit, the new requirements are for larger

down payments and shorter time to pay the balance. On most

items, the rule is one-third down and a year to pay, except that the

monthly payments must be at least \$5 even if that shortens the

payment time.

Both the new account and installment credit rules apply to a

wider list of articles. Added to the list of restricted items were

such accessories as all non-military clothing, luggage, sports and

game equipment, all table and kitchen ware, automobile accessories,

bedding, linens, all household electrical appliances, yard goods and used furniture. These

items were added to former lists which already included new furniture, clocks, radios, refrigerators,

vacuum cleaners, stoves, musical instruments, silverware and plumbing fixtures.

Will Hold Loans Down

Cash loans under \$1,500 from banks or other lenders also were

held down to a maximum of 12 months to pay, and in some cases

90 days. Former rules applied only to cash loans, but the new

regulation also applies to loans to be repaid in lump sums.

Officer Injured In Making Arrest

KANSAS CITY, May 6—(AP)—

A state trooper was slightly injured in a roadside gun battle

which preceded the arrest of two brothers 30 miles east of here late yesterday.

Capt. Jerome Shaw of the highway patrol said both Fritz Boehm, 35, and Edward Boehm, 37, were

carrying alien cards listing their addresses as Napanoch, N. Y., and selective service cards issued at

West Valley, N. Y.

Shaw said the men admitted stealing two automobiles, robbing an

Indiana hardware store and perpetrating two highway holdups in

Jackson county, Mo., Monday night.

The injured trooper, Robert W. Conn, was struck by pellets and

glass splinters when a shotgun blast fired by one of the brothers

shattered the patrol car door near his face. Trooper R. E. Davis was

not injured.

After an exchange of 20 shots the brothers surrendered. Five

shotguns and a supply of ammunition were found in their car, Shaw

said.

Approve Bill To Take Over Private Cars

Officials Also Endorse Speed Limit Of Forty Miles

WASHINGTON, May 6—(AP)—

Senator Hill (D-Ala.) said today that price administrator, Leon

Henderson and Robert P. Patterson, undersecretary of war, had

approved in principle a pending bill to authorize the government

to requisition private automobiles and pay for them.

Appearing before the senate military committee in a closed

session, the two officials also were said by Hill to have endorsed the

principle of another measure which would establish a national

speed limit of 40 miles and provide for the confiscation of the

autos of persons convicted of exceeding it.

To Conserve Rubber

Hill told reporters that Henderson and Patterson appeared to be

interested chiefly in the conservation of rubber for essential

civilian uses and advocated passage by congress of legislation

similar to that now under consideration for the psychological

effect such a move would have on the motoring public.

The auto seizure bill, introduced by Senator Downey (D-Calif.)

would authorize expenditures up to \$5,000,000,000 for the purchase

of requisitioned private cars or parts. Thus if it were passed by

congress, a spare tire might be requisitioned by the government

or the whole car taken.

Will Clarify Methods

Hill and other committee members said it was probable that

steps would be taken to amend the Downey measure when it is

considered by the full committee in a closed session Friday morning.

These amendments were expected to set out conditions under

which the government would be empowered to take over cars,

as well as clarify methods by which prompt payment would be

made for the autos.

Red Cross Needs Knitters

The Pettis county Red Cross chapter needs immediate cooperation to fulfill a request from the army for a large quota of knitted garments for men in the army and for civilian refugees in the Pacific areas.

No more articles are being sent to Europe—all items are being used for the good of the people of this country.

There are 175 pounds of yarn in the new shipment which has just been received.

Articles to be made are sleeveless army sweaters, mufflers, helmets, wristlets, mittens, women's sweaters in small sizes and children's sweaters.

Mrs. Harold Dean, chairman of the knitting department, will be in the work rooms at Red Cross

headquarters, 125½ South Ohio avenue, Thursday to give out the

yarn and to offer instructions to prospective knitters.

Help with this work for the benefit of a United States at war is urged.

Murray Charges Lewis Failed Him

PITTSBURGH, May 6—(AP)—

The 700 delegates to the annual convention of the Pennsylvania

industrial council (CIO) gathered today for their second day's session with the tension heightened

as a result of a brief physical flareup on the floor.

The clash came a few minutes after CIO president, Philip Murray,

in a 90-minute talk, charged John L. Lewis, president of the United Mine Workers and for

years his close friend, with failure to give him the support in the CIO which Lewis once pledged.

At the convention hall door Murray ran into John J. O'Leary,

a member of the miners' international board from the Pittsburgh district, who has been mentioned

in labor gossip for weeks as a possible Lewis-backed candidate

to succeed Murray as vice president of the miners' organization.

Murray asked if O'Leary had told a check weighman at a mine of the Jones & Laughlin steel

corporation "you fellows had better quit working for Murray or you'll all get fired by Lewis."

O'Leary later denied having made such a remark and said:

"Some fellows at the door. I believe they were organizers of the Steel workers' union," started

pushing and shoving him. He suffered a cut on the forehead.

Murray had charged in his talk that Lewis and his friends were conducting a "back biting" campaign.

Sedaliens At Ozarks Dinner

Frank W. Bryant and Ralph Cook, members of the Chamber

of Commerce tourist committee, with Ellsworth Green, Jr., secretary

of the chamber, attended a dinner meeting of the Lake of the

Ozarks association at Eldon Tuesday night.

Among the reports given was one that the percentage of business is higher this year than in

former years, due probably to the fact that Missourians are remaining in their home state.

Drill Night For 4th Missouri Infantry

The regular Fourth Missouri Infantry Tuesday night non-

commissioned officers meeting and recruit drill were held at the

armory. During the evening Lieutenant Ellsworth Green conducted an inspection of the non-

commissioned officers.

Preparing for their participation in the annual Decoration Day exercises the non-commissioned officers practiced rifle fire. The recruits went through close order

and manual of arms drills.

Authoritative Talk On Price Regulations

Will Be Given Here By Official On Night May 11

Recent government orders controlling, for the war's duration,

retail and wholesale prices to halt the swiftly mounting cost of living

will be explained at a meeting at the Bothwell Hotel, Monday,

May 11th, at 8:00 p. m.

Especially invited to the meeting are retailers and others of the

merchandising trade from this trade territory. The Retail Merchants' division of the Sedalia

Chamber of Commerce, the Retail Grocers' Association, and the Sedalia

Retail Credit Association have all joined in urging their members to attend.

Arranged By Sedaliens

Arrangements have been made by the Department of Education,

through Pinkney Miller, for an official from the Regional Office of

Price Administration at Dallas, Texas, to speak on the various

phases of the regulations. E. C. Thompson, local defense council

member in charge of consumer protection will preside over the

meeting. This will be one of more than sixty meetings being held in

this part of the region by the Office of Price Administration.

To be explained by the price administration specialist, will be

how the over-all price regulation places an absolute ceiling over

substantially all commodities and services sold at retail. The ceiling

also extends over prices charged by wholesalers, manufacturers,

and producers, the ceiling being the highest prices charged by each

individual seller for each commodity or service during the month

of March, 1942.

The Washington Merry-Go-Round

By DREW PEARSON AND ROBERT S. ALLEN

WASHINGTON—Here is one inside reason why Roosevelt leans toward labor. Basically, the president always has been pro-labor, and continues to be, even though he has become fed up with some labor activities in the past year.

But in addition, U. S. war strategists are convinced that the chief hope of revolution in Europe comes from labor. And most of the psychological warfare strategy being devised here is aimed at influencing labor in Germany, Czechoslovakia, Austria and the occupied countries.

Although not generally known, the nucleus of the old Social Democratic Party which tried to create a real republic in Germany is still intact. When Hitler came into power, they moved to Czechoslovakia. After the Sudetenland seizure, they moved to Paris. After the downfall of Paris, they moved to the U. S. A.

Fifty Social Democrats from the old Reichstag are now in this country co-operating with U. S. officials.

Furthermore, it is labor in the European occupied countries which is able to assemble or make radios. German labor listens to the radio far more than other classes. Some labor groups even have published very small "underground" newspapers on hand presses and these are distributed by hand.

German labor resents the long hours in munitions factories, the small pay and the lack of food, more than any other group. Also labor is about the only group which was not taken over completely by Hitler. The Communists, his chief opponents, now have long been underground, but secretly active.

To European labor Roosevelt always has been one of the world's greatest leaders. And one thought in the minds of war strategists is to show Europe that the rights of labor here will not be thrown completely overboard during war.

Little Business Casualties

Despite all the government has tried to do for little business, it looks as if thousands of retail stores throughout the country are headed for liquidation or bankruptcy in the next few months. Unable to get either goods or credit, they will not be able to operate when their present stocks run out.

For the time being, they have plenty of goods. They saw the pinch coming and stocked up. Inventories have never been higher. But the situation will be different next fall.

In the first place, there will be reductions or complete bans on the manufacture of various consumer goods—refrigerators, woolen underwear, steel desks, bird cages, wafers—you can hardly name an article that won't be affected. And in the second place, there may be little or no credit available for the retailer.

Normally, a retailer has a line of credit with the supply house, which wants to curry favor with his as an outlet for its goods. But today, the supply house is either selling direct to the government, thus by-passing the retailer, or else the supply house has so little to sell that retailers are clamoring for it. Thus the retailer who pays cash gets the goods.

So it looks very much as if one of the tragic symbols of the war will be thousands of "Closing Out" signs pasted across store windows from coast to coast.

Covering Europe By Bicycle

Junius B. Wood, one of the nation's greatest foreign correspondents, is now with the War Department where he is writing bang-up pieces, not for the papers, but for the psychological warfare division to appeal to the peoples of occupied Europe.

Around the War Department,

Side Glances

"That's a note for you! After starving out here in this crazy Hollywood for three years I finally get a part—and I have to take off 10 pounds!"

Wood is famous for the telegram he once sent to his ex-boss, Frank Knox, now secretary of the navy, then publisher of the Chicago Daily News. Knox had instructed him to cover Russia from Riga, capital of Latvia, to which Wood replied:

"Will cover Russia from Riga if you will publish the Chicago Daily News from Winetka, Ill."

Knox finally told him he could remain in Moscow, but added to his assignment Turkey and the Baltic nations. Wood wired back:

"OK, if you will send me a bicycle."

Merry-Go-Round

A German broadcast recently warned Germans to beware of grousing against the government as secret microphones were installed in trams and other public places. To prove that this was no jest, a record was broadcast of conversations overheard in a subway and in a theater lobby

... The recent post office ban on his magazine is not keeping William Dudley Pelley, Silver Shirt leader under indictment on sedition charges, from using the mails to spread his pro-Nazi propaganda. . . . Secretary of War Stimson is held in the warmest personal esteem by army commanders. Hard-working and open-minded, he never meddles in military operations and backs up his subordinates 100 per cent. Stimson is always at his desk by 8 a. m., and rarely leaves until evening, when he always takes home with him a big bundle of papers that he works over after dinner. . . . Of the 31 U. S. presidents—counting Cleveland only once—seventeen were former members of Congress. The first was James Munroe, who was both a Senator and a congressman, and the last Warren G. Harding. John Quincy Adams was a senator before he went to

the White House and afterwards served for 17 years as a congressman, dying in the House while making a speech. The spot is marked with a brass plate.

Proud possession of Edward F. McGrady, able, hard-working former assistant secretary of labor, is a government check for \$1, his pay for one year's work as labor adviser to Secretary of War Stimson. McGrady framed the check and has it hanging on the wall of his office. . . . Addressing the Cleveland City club, Federal District Judge Robert Wilkin, a militant liberal, declared, "The open season for industrial strife is over. The forces of democracy must take steps to prevent extortion and exploitation of or by either labor or business."

TALENT SCOUT

CHAPTER XVIII

FERDY, Peggy was pleased to note, had decided to join Fay in co-operating with whatever devious plan the younger girl had in mind. He filled Baldy's glass again while Peggy carried on the Baldy eulogy, embellishing his confidences of the afternoon.

She described how Baldy had "wowed 'em" in the days before burlesque had come to stay with his act that shared billing with a lady of unquestionable charm—one Blossom. "Wowed 'em," that is, until he made the mistake of marrying her. Her words tumbled out with feigned admiration and enthusiasm that mellowed Baldy until he beamed and struck the rest of the company, and especially Nigel, as high comedy. She had no regard for sequence, but her praise of Baldy, her mock saga of his sometimes savory but never colorless career, fell on receptive ears. Even Myra forgot her misgivings in admiration for this glib and entertaining youngster.

"We could learn so much from Baldy," Peggy rattled on. The rest, tumbling to the spirit of the thing, joined in, and soon Baldy basked in the position that flattered him most. As the center of the company he had been frozen out of a few minutes before—and center of it thanks to Peggy—he was soon taking over the account of his personal history and adding glorious, if alcoholic, embellishments even Peggy hadn't dreamed of.

The upshot of it all was that after dinner he was mellowed and anxious to demonstrate just where his own particular talents could lead them.

Peggy egged him on and was promoted to the role of the lady Blossom for purposes of demonstration. Fay played the piano. "Say," said Baldy to Peggy after the first few tryouts. "You can dance! Now try this one."

He began to tap and Peggy followed him with a natural knack for picking up steps. Then he demonstrated how Blossom would make a mistake and how he would and how they'd quarrel and how

she'd pull his hair and it came off. . . .

"Now for this concert party you want. . . ."

Then he went on, improvising a program as he went, playing half a dozen parts himself and working in Peggy and Fay. He proved himself a comedian with a natural flair for improvisation, and he kept his small audience in a state of laughter and anticipation until he caught a glimpse of himself disheveled and dripping with perspiration.

"Well, folks," he announced. "That's all. Next show at twelve midnight."

Then he retired to change into another new outfit—salmon pink slacks and sports shirt.

"I STILL prefer to hear you sing Grieg," said Nigel to Fay. "What about me?" asked Peggy. Myra interrupted. "You ought to be spanked and put to bed. But still you weren't so bad, even though I am your most dubious critic."

Ferdy grinned. "You were wonderful, Peggy—quite professional. That is what you want to hear, isn't it?"

Peggy grinned back at him and nodded.

When Baldy returned to the company it had split up to do various things. Fay and Michael and Nigel were out somewhere in the moonlight. Peggy met Baldy with a long cool drink ready to set at his elbow.

"Say, you read my thoughts," said Baldy who felt at last he was really being appreciated.

Peggy looked at him and shook her head. "You know, Baldy, you're all wrong."

"What do you mean?"

"You need a manager. You shouldn't be managing other people. You need one yourself."

Baldy shook his head. "Don't wish that on me. I've been married and I know what it's like."

"I don't mean that, Baldy. A man with a talent like yours shouldn't be looking after other people's talent. With the right management you'd be way up at

the top with Hollywood running after you."

Baldy shook his head. "So I would, honey, so I would, but between you and me, it's jealousy, professional jealousy that kept me down. Couldn't fight it. The bigger and better you are the harder they gun for you. Jealousy, that's what it was. Jealousy, the curse of the profession, though I'm too big for that kind of thing myself. Bigheart, that's what my friends used to call me. Baldy Bigheart, the guy that never refused a touch, and did they touch me! You can't be soft-hearted in show business. Look at me now, wasting my talents, all because I got a soft heart for Fay; look at me, I stand to lose a hundred and fifty a week on my cut if she quits. Am I squealing? No, I'm helping her put on a show so she can quit."

Peggy went to fill his glass. She returned ready for the full impact on her act. She sighed, green eyes gazing, full of admiration, into his.

"I'll bet you could make something of anyone," Baldy purred. "That's the money, honey. Let 'em keep their jealousy. Let 'em try to keep me out and I'll break in anyway. I'm creative, that's what I am. Do I care what I do? Do I want to put on an act, night after night, in a show that's going to run, with me in it, for three years? No, I say, I'm an artist. I create talent. Give me a half-baked clam that's got rhythm and in six months I'll show you some real class."

"I'll bet you could," said Peggy. "I'll bet you could have made something out of me even if I hadn't been going with Fay."

Baldy leaned forward. "Say, honey. You can dance, you can sing—good! You can imitate the others—good! If I took you up, gave you a line of your own, I'd get you in small time in a week, in big time in a year."

"I'll bet you could," murmured Peggy. "Too bad!"

"It really is too bad," mourned Baldy. "If it wasn't for me having my hands full with Fay, and hangin' onto my own gravy train, I could have you warblin' in the best clubs in ten months." He took another deep gulp of his drink.

"That's not what I mean," prodded Peggy sweetly. Baldy was suspicious. "What's up?"

"I was thinking it's too bad about Fay."

By the Associated Press
HILLSBORO, O. — This town, voted as "cradle" of the Woman's Christian Temperance Union, was still blushing today.
A bootlegger's trial was in progress when someone discovered a juror was drunk.
Judge George W. McWowell, red with anger, dismissed the jury, fined Farmer Matt Collins \$100 for contempt and declared:
"Never before in my legal career have I heard of such a thing. This court has been insulted, disgraced and embarrassed."

JOHNSTOWN, Pa. — Principal David J. Berti, supervising issuance of sugar rationing cards at the Allport school, said the youngest member of a family he listed was a baby 45 minutes old.
"The father hadn't recovered his breath from hurrying over from the hospital," said Berti. He declined to name the parent.

Civilization, Ugh!
SAN DIEGO, Calif. — The white man's transportation problem is a heap big headache to Chief Chaparrison of the Warner Indian reservation.
The chief's ancient motor car developed engine trouble, and he abandoned it to go for a repairman.

Baby Can Get Along Without Milk
But Takes Soybeans And Thrives

NEW YORK, May 6.—(AP)—
Baby Jean Maura Fitzgerald, suf-
fering from a rare metabolic mal-
ady, can't drink milk, dislikes
lollipops—but thrives on soy
beans.

When Jean, 18-month-old
daughter of John Fitzgerald, 30,
a bank employee, and his wife,
Constance, was born October 30,
1940, she weighed seven pounds,
one ounce.

A few weeks later she dropped
to six pounds, 13 ounces, so her
parents took her to babies hos-
pital.

There Dr. Charles L. Wood, as-
sistant pediatrician, found that the
chemistry of Jean's body could
not break down food properly,
and above all could not tolerate
milk sugar.

Soybeans Main Food
Experimentation disclosed that

Jean could get along without milk,
normally the chief staple of chil-
dren, on a diet of selected other
foods which together had equal
nourishment. Her principal food
sources has been the soy bean and
its derivatives.

Unusual in her inability to
drink milk, Jean is different from
other babies in another way. Her
mother has to coddle her to eat
lollipops, which she must have,
Mrs. Fitzgerald said, "because
they contain necessary sugar—not
milk sugar, but other kinds."

"If we don't watch her, she
just chews the wooden stick and
then throws the lollipop itself
away", Mrs. Fitzgerald explained.

Although Jean now weighs 18
pounds and is plenty lively, Mrs.
Fitzgerald said the doctors tell her
Jean is "still in the woods."

Hawaii Defense
Worker Back

After suffering injuries in the
Japanese assault on Pearl Harbor,
Hawaii, December 7, Paul Bacon,
of Livingston, Montana, is back
in the United States for medical
treatment, and is "glad to be
back."

Bacon, a defense worker, is in
Sedalia this week to visit his
fiancee, Miss Marilyn Trapp, 226
South Kentucky avenue. A young
man, Bacon had been employed at
Red Hill, in Pearl Harbor, assist-
ing in construction work for eight
months previous to last December.

The youth saw several of his
friends die in the bombing of the
harbor, and Bacon himself suffer-
ed broken ribs and injuries which
resulted in an irritation to his
lungs. He came back to the United
States for treatment, and will go
to a specialist in Kansas City this
weekend, he stated.

Bacon declined to discuss details
of the bombing of the harbor for
fear it might cause twisting of
facts by the enemy.

Bacon's fiancee is the daughter
of Charles Trapp of Houston, Mo.,
and is employed at the Schultze
Baking company. The youth hint-
ed that if Marilyn will agree, he
will accept a new defense job
offered him in the British Isles.

Bacon does not have any re-
latives in Sedalia. Born in Utah
and reared in Montana, most of
his "folks" are in that section of
the country.

Bacon is residing at the St.
Francis hotel here.

itude and self-sacrifice," the president said.

"The American people ask no finer example of tenacity, resourcefulness and steadfast courage. . . You have become the living symbols of our war aims and the guarantee of victory."

The fall of Corregidor, giving Japan's invasion armies control of the best harbor in the Orient, capped a series of other Japanese conquests including Hong-kong, Dec. 25; Manila, Jan. 2; Singapore, Feb. 15; Batavia, March 5; Rangoon, March 8, and Bataan, April 9.

Last Chapter In Burma

On the Burma war front, latest dispatches indicated that the last chapters of another allied defeat were being written.

With storied Mandalay and Lashio at the gateway to China already in enemy hands, imperial Tokyo headquarters reported that Japanese troops striking toward India had captured Akyab airfield on the Burma coast.

Akyab, 60 miles south of the Burma-India border, is only 300 miles airline from the great Indian city of Calcutta.

Weary Defenders Falling Back

Dispatches from British headquarters at New Delhi, India, said Burma's weary British and Chinese defenders were falling back at an accelerated pace while rear guards put up a last defiant resistance.

Other reports said Gen. Harold Alexander's British army retreating from fire blackened Mandalay was still intact and had escaped a serious threat of entrapment as it fell back toward India.

On the left flank, where the Japanese have already stormed up the Burma road into China proper, parts of the American Lieut. Gen. Joseph W. Stilwell's hard fighting Chinese army were reported scattered in small pockets for 100 miles around Lashio.

Unarmed American and British airmen were carrying out the hazardous job of evacuation of as many troops and refugee civilians as possible amid constant

danger and Japanese fighting planes.

It seemed clear, however, that for all practical purposes the bloody four-month-old battle of Burma was over.

Results Of Primaries

By the Associated Press

Senator W. J. Bulow, South Dakota, Democrat, lost renomination for a third term to an out-and-out Roosevelt supporter who charged him with pre-war isolationism. Incomplete returns from the headline contest in primary voting of four states indicated today:

Gov. Harlan J. Bushfield appeared certain to be Berry's Republican opponent, holding a decisive lead over Olive A. Ringsrud, secretary of state.

Unofficial results of voting yesterday in the other states:

Indiana — Rep. Schulte (D), a labor leader, trailed Ray J. Madden; six other representatives were unopposed; the other five incumbents held safe leads.

Alabama — Senator Bankhead and six representatives, all Democrats, were unopposed; Rep. Grant (D) was renominated; and two incumbent Democratic representatives, Patrick and Jarman, faced the prospect of a run-off primary June 2 because of close contests. Chauncey Sparks led four other Democratic candidates for governor.

FLORIDA — Four Democratic congressmen were renominated; Rep. Green led Democratic balloting for a new sixth seat gained through reapportionment, but both this race and that for the fifth seat, which Green vacates, appeared headed for May runoff primaries.

Former Utility Executive Begins Prison Term

TERRE HAUTE, Ind., May 6. —(AP)—Doors of the federal penitentiary clanged shut behind Frank J. Boehm of St. Louis yesterday as the former vice-president of the Union Electric company of Missouri arrived to begin serving a five-year term for perjury at a Security and Exchange Commission hearing.

British Forces Plunging 20 Miles Through Jungles Meet Resistance

Continued From Page One

and marines who landed on the 1,000-mile-long island at dawn Tuesday were now closing in on the key Diego Suarez naval base.

These quarters acknowledged that the island's defenders, under orders from Vichy to fight to the end, were putting up sharp resistance but said the British advance was progressing "satisfactorily."

Vichy reports last night said the British, estimated by the French at 20,000 troops, had reached the town of Andrakaka, only four miles from Diego Suarez.

The German-controlled Paris radio said: "Fighting has been going on in Madagascar for 24 hours, and a handful of French colonials, without hope of help or reinforcements from the home country, has been fighting step by step against the British aggressors."

Prevents Axis Seizure

Acting with the full consent of the United States, the British moved into Madagascar to prevent a threatened axis seizure of the strategic island, which commands allied sea communications to the middle east, India and to China.

France's pro-German Premier Pierre Laval bluntly ignored the warning contained in an American note to Vichy that "any warlike act permitted by the French government against the government of Great Britain or of the United States would, of necessity, have to be regarded as an attack upon the United Nations as a whole."

While French planes fiercely attacked the British occupation forces, a Madagascar communiqué disclosed that the French had lost two out of three light naval units which dashed out of the Diego Suarez base yesterday in a desperate foray against British warships.

Sink French Ships

The communiqué said British gunners sank the 1,379-ton submarine Beveziers and the Bougainville variously described as an auxiliary cruiser and a light cruiser, and damaged a small French auxiliary cruiser. Most of the crews were saved.

Madagascar's land forces were estimated in London at 1,500 Frenchmen and 3,700 colonials.

Vichy dispatches said several British planes were shot down by anti-aircraft guns and some of the light British tanks put ashore had been destroyed.

The newspapers in unoccupied France played the story with flaring headlines, but editorial comment was restrained.

Other European War Developments

1. Russian campaign — Adolf Hitler's field headquarters reported that German siege guns started great fires in Leningrad and asserted that communications had been restored with a German army long encircled on the northern front.

This apparently referred to the bloody Staraya Russa sector, 130 miles south of Leningrad where the Nazi 16th army of 96,000 men had been reported trapped for months.

Hitler's high command also took worried cognizance of the havoc inflicted by Russian guerrillas, declaring that "in the rear of the eastern front, armed Bolshevik bands were annihilated at several points."

German Casualties

Coincidentally, Soviet guerrillas operating in the vicinity of German-held Orel, 200 miles below Moscow, sent a letter to Premier Joseph Stalin reporting that they had killed 5,000 German troops in the last six months, wrecked 16 troop trains, 340 trucks, 29 planes and 33 tanks, blown up 100 bridges and liberated 345 villages.

Soviet front line dispatches said more than 1,500 Germans had been killed on the Kalinin front northwest of Moscow in 72 hours of fighting and declared the Nazis were displaying signs of nervousness by sending up star shells to illuminate no-man's-land each night.

Lincoln Chorus At Lions Club

The boys and girls chorus of Lincoln high school were presented by Professor C. C. Hubbard before the noon meeting of the Sedalia Lions club today at Hildebrandt's cafe, St. Francis hotel. The Lincoln school band will parade through the business district of the city Thursday. New Sousaphone horns, recently purchased by the band with funds donated by the Clay T. Henderson post of the American Legion, will be used in the parade.

Included on the program today were spirituals, "Glory Hallelujah" and "My Lord's A-Go-In" To Move This Wicked Race; "Out of the Dusk" and "Moonlight Cocktail" by the girls chorus; "Stood on the Veranda" and "Memories" by the mixed chorus; "Old Man River" by the boys chorus and "Basin Street Blues" by the girls chorus.

Sam Highleyman was program chairman.

Suit Against Local Officials

Sheriff C. Ross Bothwell and the Massachusetts Bonding and Insurance company, have been sued for \$27,500 by George A. Wagner, of Kansas City, according to an article in today's Kansas City Times.

The item as it appeared in the Kansas City paper, reads:

"A \$27,500 damage suit against Cloyd R. Bothwell, Pettis county sheriff, and the Massachusetts Bonding and Insurance company, was filed yesterday in the Independence division of the circuit court."

"Filed on behalf of George A. Wagner, 912 East Thirteenth street, the petition alleges that Wagner was beaten and left with a blackjak wielded by the sheriff and Archie Smith, a deputy. The alleged beating occurred, the petition stated, August 24, 1941, in the Jockey club, near the state fair grounds at Sedalia, Mo. The petition stated that the amount sought was the exact amount of the sheriff's bond."

Deputy Sheriff Smith mentioned in the suit, said today he and Sheriff Bothwell had gone to the Jockey club at 2:20 o'clock Sunday morning, August 24, upon complaint that it was being operated after hours.

Their purpose in making the call was to tell the management to close up, and it was while they were telling the patrons they must leave, because it was after hours, Wagner made himself known in such a manner that it was necessary to become rather strict with him, according to Smith.

Wagner, after quieting down agreed to leave without giving any further trouble. The place was then closed, Smith said, and the management ordered to follow the rules on the closing hours.

Larry French Dodger Hero Against Cards

Pitches Four Hit Ball, Singles In Two Runs To Win

By JUDSON BAILEY
 Associated Press Sports Writer
 The headlines today all acclaim Larry French as the star of the Brooklyn Dodgers' 3-1 conquest of the St. Louis Cardinals and the attention is well deserved.

The affable left-hander—33 this fall—outpitched young Howard Pollet in a sizzling struggle at St. Louis. He not only hurled four-hit ball, but twice singled home Dodger runs including the one that broke the 11th inning tie.

But the forgotten man in the Brooklyn rejoicing was catcher Mickey Owen. The little dynamo who caught 128 games last year and helped guide Whit Wyatt and Kirby Higbe to 22 victories apiece has been in eclipse this spring.

Owen Catches And Hits
 It hasn't been because he dropped that infamous third strike in the world series. Rather it has been because the Dodgers acquired two additional, and better hitting, backstops in Billy Sullivan and rookie Cliff Dapper.

As a result Owen had worked only 45 1/2 innings in eight games up till yesterday, when he got the call against his former St. Louis teammates.

Owen seized upon his opportunity and made two of Brooklyn's seven hits. In the seventh inning he singled with one out. He was forced by Peevie Reese, but French came along with his first hit and knocked Reese all the way home from first. Then in the 11th after Joe Medwick was safe on a fumble by Jim Brown, Owen again singled to put Medwick into position to score on another single by French. Owen himself tallied on a single by Billy Herman.

This was the first time in nine games a Brooklyn pitcher had gone the route and it was the first time Brooklyn had won since Owen last started—which was at Cincinnati Thursday.

Pirates Are Walloped
 The Pittsburgh Pirates, who had crept within a half game of first place in the National League during the Dodgers' slump, were walloped 7-1, by the Boston Braves, who made 16 hits, including four by former Pirate Paul Waner, and had the benefit of six-hit pitching by Jim Wallace. Bucky Walters, who had lost four straight, pitched the Cincinnati Reds to a 2-1 ten-inning decision over the New York Giants. He and Hal Schumacher each allowed five hits.

The Phils beat the Chicago Cubs, 4-2, taking advantage of five walks, five stolen bases and three errors, plus nine hits.

The Boston Red Sox staggered the Cleveland Indians into their third straight defeat, 13-3, by collecting 18 hits for 28 total bases.

Joe DiMaggio had himself a day at Yankee Stadium, hitting two home runs and a triple to drive New York to a 5-4 triumph over the Chicago White Sox and lift the world champions back into second place in the American league. DiMaggio tripled the winning run across in the tenth.

The Detroit Tigers were herded out of second by the three-hit hurling of Russ Christopher as the Philadelphia Athletics won, 2-1.

Washington beat the St. Louis Browns, 5-3, although held to five hits. The Browns made four errors.

Tigers Into Second Place At MMA Meet

Hannibal Contestant Sets Three New Conference Records

The Sedalia Tigers ended all athletic participation in the Central Missouri Conference for the duration of the war Tuesday in the second place berth, as officials of the conference prepared to shut down activities until peacetime.

A cold, damp wind caused a slow track at Mexico Military Academy, but in spite of the weather difficulties, Bob Chase of Hannibal set three new meet records in the shot put, high jump and high hurdles divisions.

Opponents in the contest were Sedalia, Mexico, Hannibal, Jefferson City and Kirksville, although the outstanding lineups of Sedalia and Hannibal narrowed competition to those teams. Hannibal's squad moved into first place with a total of 68 1/2 points. Sedalia's total was 48 1/2 points. Jefferson City moved into third with 19. MMA was fourth with 12 and Kirksville last with five points.

The S-C Tiger squad will lose five outstanding track seniors with graduation this year. Coach Davenport said last night. The youths leaving the school are Cain, Adams, Young, Meyers and Rissler.

Chase won four firsts and one third place to be high point man of the meet with 22 points.

In the individual contests: High hurdles—Chase of Hannibal, first with 15.6 seconds, a new conference record. Walter of Sedalia second, Treastu of Hannibal third and Shea of Sedalia fourth.

100-yard dash—Griffith of Jefferson City first in 10.6 seconds. Ogg of MMA second, Hauss of Hannibal third and Roediger of MMA fourth.

1-mile run—Lamm of Sedalia first in 4 minutes, 58.9 seconds. Naugel of Sedalia second, Johnley of Hannibal third and Fisher of Hannibal fourth.

880-yard relay—Sedalia first in 14.6. MMA moved in second, Hannibal third and Jefferson City fourth.

440-yard dash—Griffith, Jeff City, in 56 seconds; Hauss of Hannibal, Sykes of Hannibal and Wells of Sedalia.

200-yard low hurdles—Chase of Hannibal in 24.8 seconds; Treastu

of Hannibal, Walter and Shea of Sedalia.

880-yard run—Pollard of Hannibal in 2 minutes, 15.4 seconds; Naugel and Lamm of Sedalia and Magar of Jefferson City.

220-yard dash—Griffith of Jeff City in 23.5 seconds; Hauss of Hannibal and Stevens-Smith of Hannibal in third place tie.

Medley relay—Hannibal in 145.2; Sedalia second and MMA third.

Pole-vault—Slocum of Kirksville with 11 feet, 3 inches; Van Dyne of Sedalia second, Cunningham of Hannibal third and Bud-Anderson of Hannibal in fourth place tie.

Shot put—Chase of Hannibal with 45 feet, five inches for new conference record; Lampton of Hannibal second, McFarland of Sedalia and Biggs of Sedalia.

Discus—Biggs of Sedalia with 110 feet; Lampton of Hannibal, Chase of Hannibal and Young of Sedalia.

High jump—Chase of Hannibal with five feet, eight inches for new record; Ogg of MMA second and Wilson-Stevens of Hannibal in third place tie.

Broad jump—Wilson of Hannibal with 19 feet, 8 inches; Walter of Sedalia, Griffith of Jeff City and Van Dyne of Sedalia.

The Tigers will participate in the annual outdoor track meet at Columbia under the sponsorship of the University of Missouri, which will be held Saturday.

Boosters Hold Monthly Meet

Talks By Mayor, L. J. Banner And Others Tuesday

The Sedalia Booster club held its regular monthly business meeting during the noon hour Tuesday at the Missouri Pacific shops, with Aubrey Case, assistant Chief Booster, presiding in the absence of F. G. Rose, who is confined to his home because of illness.

Following the regular transaction of business, Mr. Case introduced Mrs. A. R. Beach, who gave a short talk relative to National Music Week, which was enjoyed by the employees. Following her talk the Singing Girl Scouts of Sedalia, of which Mrs. Beach is director, gave several numbers which were enjoyed by all.

Mr. Case then called upon A. H. Wilks, newly elected mayor of Sedalia, who responded with a few words of praise for the Missouri Pacific shop employees, and then introduced the principal speaker of the meeting L. J. Banner of Sedalia who represented the Underwriters Association.

L. J. Banner Speaks
Mr. Banner stated that "the greatest thing in life is you" and speaking of insurance said, "it pays you if you don't live long enough and it pays you if you live long enough". There is one thing we should realize at this time and that is this, "We have

Freedom of speech, Freedom of Assembly, Freedom of Religion, Freedom of the Press and above all Freedom to plan out our own future. We have a peace of mind from a life insurance policy," said Mr. Banner.

"With our nation greatly pressed down under the burden of an enormous and ever mounting debt it is bad citizenship for a man or his family to become leaneys upon the bounty of the government. It is our first duty to become independent economic assets to our country. Since the beginning of our nation that has been the American creed. That this financial status may be attained and maintained has largely been made possible through the instrumentality of life insurance. Many substitutes have been tried but none have been adequate to function in the place of life insurance."

Institute Suit For Partitioning

A suit on partition was filed in circuit court Tuesday afternoon by Carl M. Holtzen, Alma F. Aken and Irene P. Rodgers, against Hulda Palmer, Clara Bockelman, Anna Guthrie, William Mahnen, Hilman Miller, Mildred Spotts, Adeline Jeffries, Helen Jolly and Robert Jean Holtzen.

The plaintiffs ask that real estate in Pettis county which has been inherited be adjudged, determined and ordered sold, and the proceeds of the property divided among the parties concerned according to their respective interests.

Fred F. Wesner is attorney for the plaintiffs.

Calendar Closes Meeting
G. T. Callender, superintendent of the shops, then closed the meeting with an urge for all employees to keep up the great work they have been doing in the solicitation of business. Mr. Callender thanked all who had a part in the program and further expressed his appreciation to the employees for the splendid work they did in the recent community chest drive at which time the shops gave approximately \$1000.00. Also to those who had purchased \$30,000 worth of defense bonds during the recent drives here.

Mr. Callender spoke relative to the civilian defense and urged all those who had not signed up for this work to do so at the earliest possible time.

In closing his remarks, Mr. Callender made mention of the splendid work being turned out of this shop and discussed the work ahead. He urged all to get every job done in the most systematic way possible. He cautioned the employees to work safely and continue to cut down injuries.

Return From Raid School

One Is Planned For Wardens In This Region

Two Pettis county representatives at the Air Raid Warden training school of the United States Citizens Defense Corps, held at Fulton, Mo., from last Friday until Monday, returned to Sedalia, Tuesday to report to the local Council of Civilian Defense.

The representatives, Harvey Dow, attorney and Legionnaire, and Ralph Dow, high school instructor, will collaborate with the council on plans to open a school for air raid wardens in this area. Men from each county in Missouri attended the three-day school, which was held at the School for the Deaf, and featured outstanding speaker on specialized methods of civilian defense.

A description of the Battle of Britain, on which the American civilian defense program was based, was given by Dr. G. A. Clason, department commander of the American Legion, which sponsored the school. General instructor was Col. Charles A. Shaw, state director of the aircraft warning service, who was assigned by O. S. McDaniel of the Southwestern Bell Telephone company and John D. Morrison, graduate of the War Department Civilian Protection school in a control center demonstration.

Demonstrate Detection
The swift activity set off by the detection of approaching enemy planes was clearly demonstrated by officers of the school, who presented to the students an outline of their duties in bomb attacks. Gas defense, map interpretation, and preparation, types of bombs, action of explosives, incendiaries, blackouts, first aid and civilian morale were included in the extensive program discussed and demonstrated at the school.

Other speakers included Gov. Forrest C. Donnell, Keith Martin, director of the Kansas City Art Institute, Col. Stanley Ginn, superintendent of the State Highway patrol, Capt. Bush Walden, representative of the office of the state superintendent of schools and a member of the Columbia, Mo., fire department, Capt. Walden recently presented an address and exhibited films on the treatment of incendiary bombs, in Sedalia.

Col. Ginn will address the Sedalia Rotary club at its regular meeting.

Each man attending the school was given ten hours of first aid training, and was drilled similarly in other divisions of air raid warden work. At the close of the school, the two Sedalia representatives were awarded diplomas by Dr. Clason and Hugh Stephens, administrator of the state council of defense.

Plans for the school of instruction for Pettis county air raid wardens will proceed immediately under the local Legion post and the Office of Civilian Defense.
